

PÉTITION

We, as Laval citizens, sign this petition to support a project to improve/restore the Lausanne canine park, as presented on the Website www.photomalt.com/chiens. As dog owners, or simply as citizens recognizing the welfare of domestic animals on the Laval territory, we consider that the actual condition of the canine parks is unacceptable for a large city like Laval. In signing the above petition, we require an immediate action from the concerned municipal authority, in order to solve this problem.
